OUR MISSION

Our program brings together the power of the Penn State Football community to support young athletes in under-resourced communities across central Pennsylvania who commonly struggle to acquire adequate sports equipment and school supplies.

The RePlay program aims to provide these students with the supplies to help foster a love of sport and the benefits that can come from participating. This will also allow Penn State student-athletes the opportunity to give back and inspire young student-athletes so that one day they may be in the same position.

Another goal of this event will be to help to support sustainability by repurposing used sports equipment that is in good working order but is no longer in use to prevent it from ending up in local landfills.

BRAND

IDENTITY

THE LOGO

The logo should not be manipulated in any way. The colors may be altered to a one-tone logo, as shown on page 06. The three single color options are within the brand's color palette.

LOGO SPACING

When using the logo on RePlay materials, make sure to give it some breathing space. The graphic to the right ensures that the logo will not be crowded, no matter the size of the document or media.

The space between the two green rectangular outlines, is the “exclusion zone.” Do not place any text, images, graphics, etc. within this space around the logo.

EXCLUSION ZONE IN GREEN

THE IDENTITY

The logo can be shown in four different color options depending on the background being used.

Logo Use

Dark Blue background – use Light Blue logo
Light Blue background – use Dark Blue logo
White background – use Two-Tone logo

Exception

The White logo can be placed on a Light Blue background, ONLY on the box side panels.

COLORS

The color palette for the RePlay logo identifies the university being represented, in this case Penn State.

The staples of the Penn State RePlay palette are Light Blue and Dark Blue. The Green accent color is used to highlight text and sports icons within the brand.

Further development of the brand will include color palettes adapting to other Big Ten Universities.

TYPE USE / BODY COPY

Body copy is shown in **Helvetica Neue Regular**. If accentuated text is needed, use Helvetica Neue Bold and/or Helvetica Neue Regular Italic.

The text point size is dependent on the type and size of the document it is being placed on. Use your best judgement when choosing point size.

On white backgrounds use black text. On dark colored backgrounds use white text.

TYPE USE / HEADLINES

Headlines used on promotional materials are placed over a block. The back highlight should give the text comfortable space around all edges.

The headline bar should be placed flush with the left edge of the document, aligned left.

The headline text should always match the color of the background. The primary color combination is Dark Blue background / Green block / Dark Blue text.

There are exceptions to the block colors, which can be viewed on the ID Badges.

REPLAY

IN ACTION

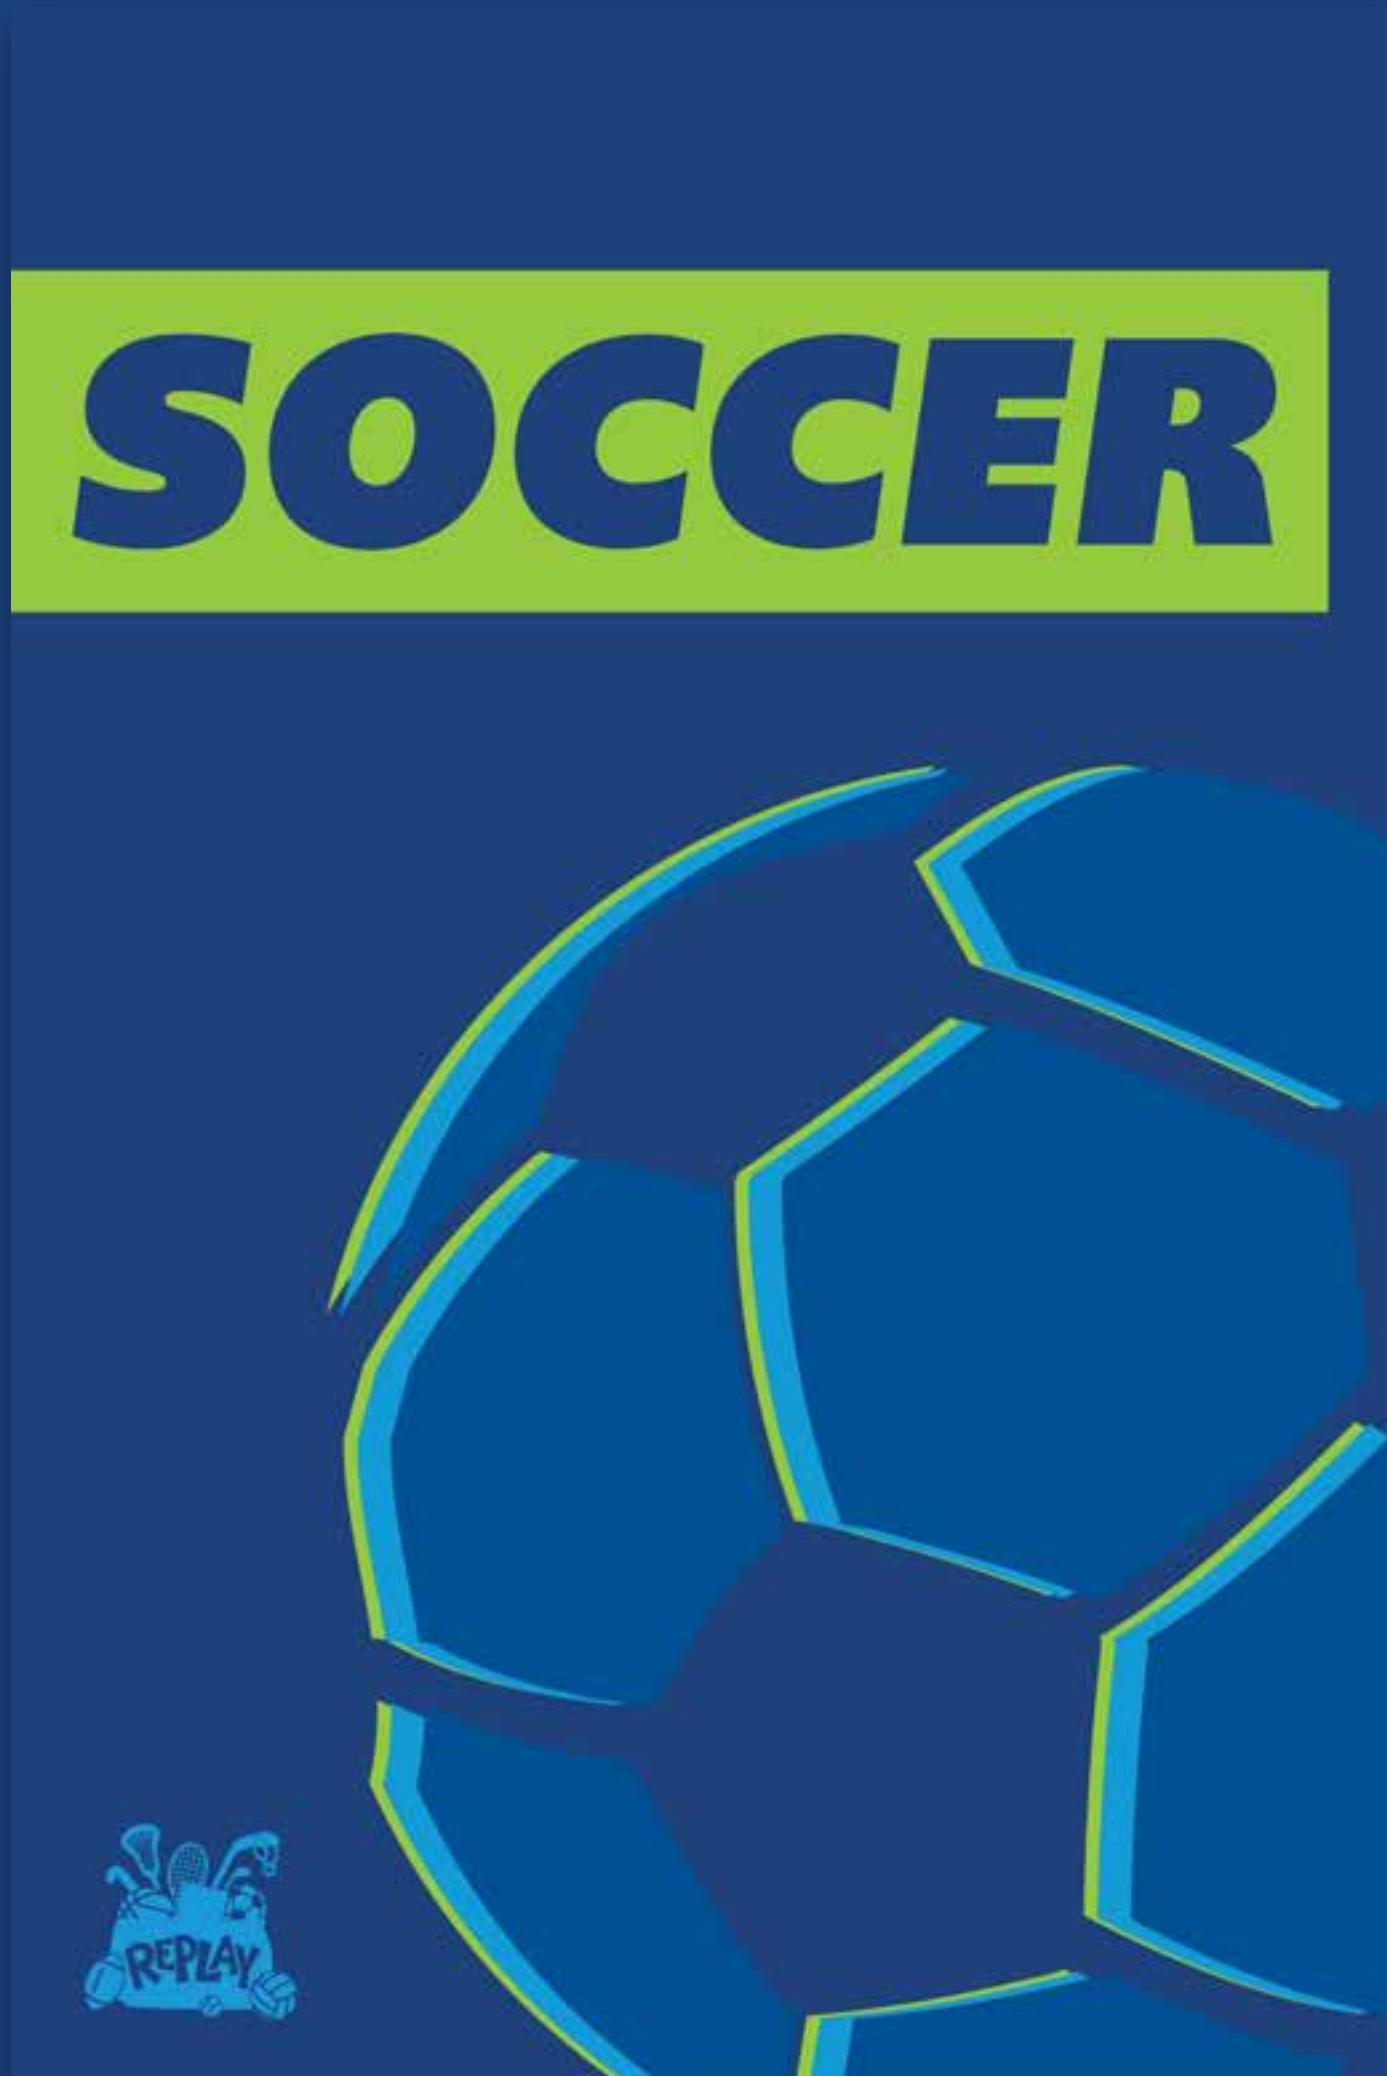

INDOOR SIGNAGE

Signs displayed inside the event have the purpose of guiding visitors to RePlay donation boxes, check-in and registration areas.

Headline text can be split into multiple lines, if needed. Two line examples would be: "Check | In," "Basket | Ball," "Foot | Wear."

The signs are specific to the item category that is being donated. Each sign will show the corresponding equipment icon along with the headline. The only sign that does not receive an icon is "Check In." This sign will receive the three horizontal bars graphic instead.

YARD SIGNS

Yard signs only consist of the bars of text and the logo. These signs are used as directionals leading to the event space and indicators of a building where donations are being collected.

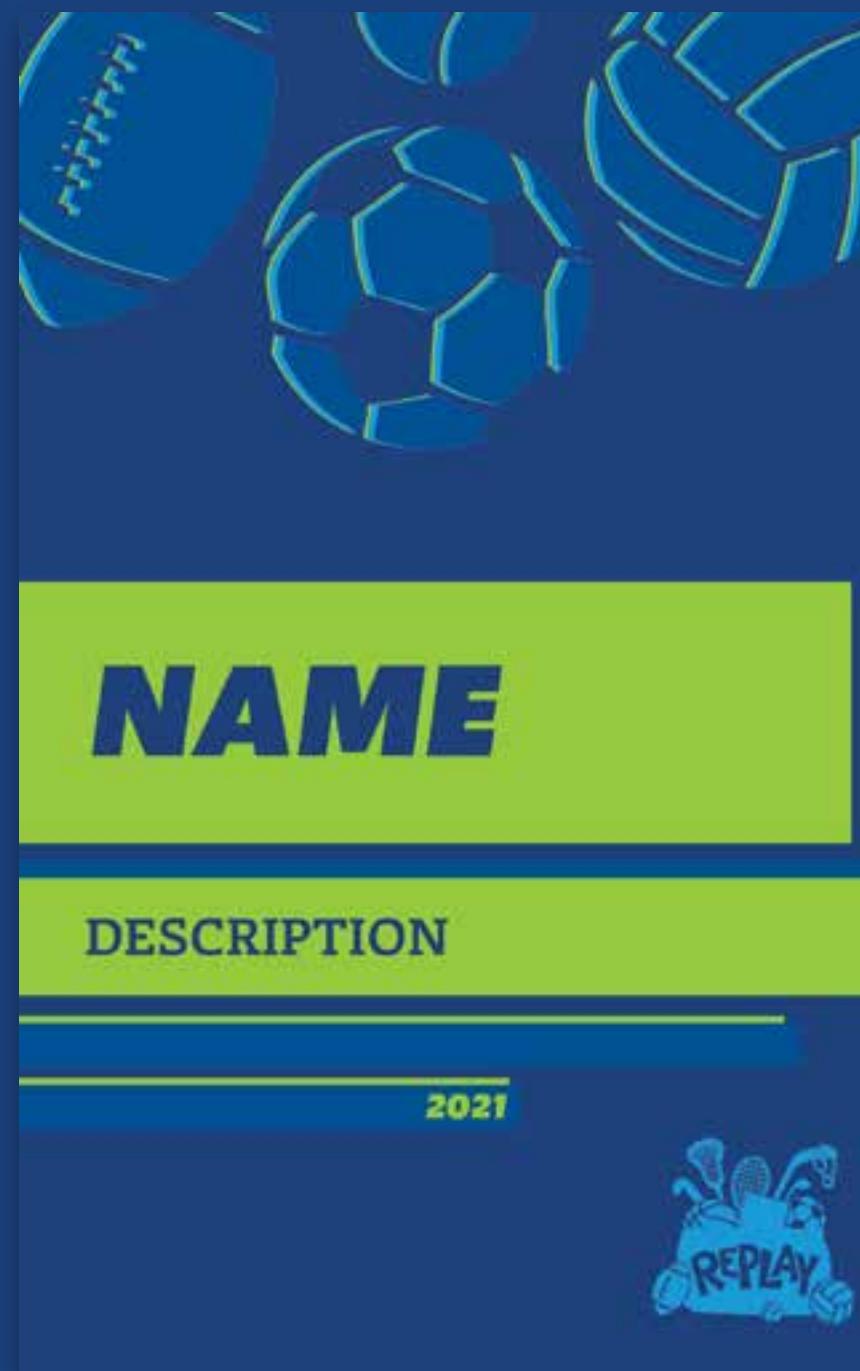

The bars of text always come from the left side. They are centered on the sign, whether it has one, two, or three lines of text. The RePlay logo is shown in the bottom right corner.

ID BADGES

ID Badges are designed for a four year rotation. As most students attend for four years, they would receive a different badge each year of volunteering. The name and description will be written on by the volunteer.

2021

2022

2023

DONATION BOX

RePlay donation boxes will be displayed at the event, and at drop-off locations leading up to the event.

The box is designed on all four sides to give flexibility and visual interest when placing them in the space. The sides are shown in a flat mockup of the box on the following page. They include the two-tone RePlay logo with SAAB and PSU SI logos, two sides with a white RePlay illustration, and the logo of Pepsi Co. brand sponsor, Aquafina.

AQUAFINA®

The AQUAFINA logo is displayed in a blue, sans-serif font. Above the text, there is a graphic element consisting of a white triangle pointing upwards and a red circle at its peak.

FLYER

RePlay donation flyers highlight the event and the types of supplies and equipment that is being collected. The lower third of the page is for informative text. An extra line or two can be added, as long as it follows the original design's overall composition.

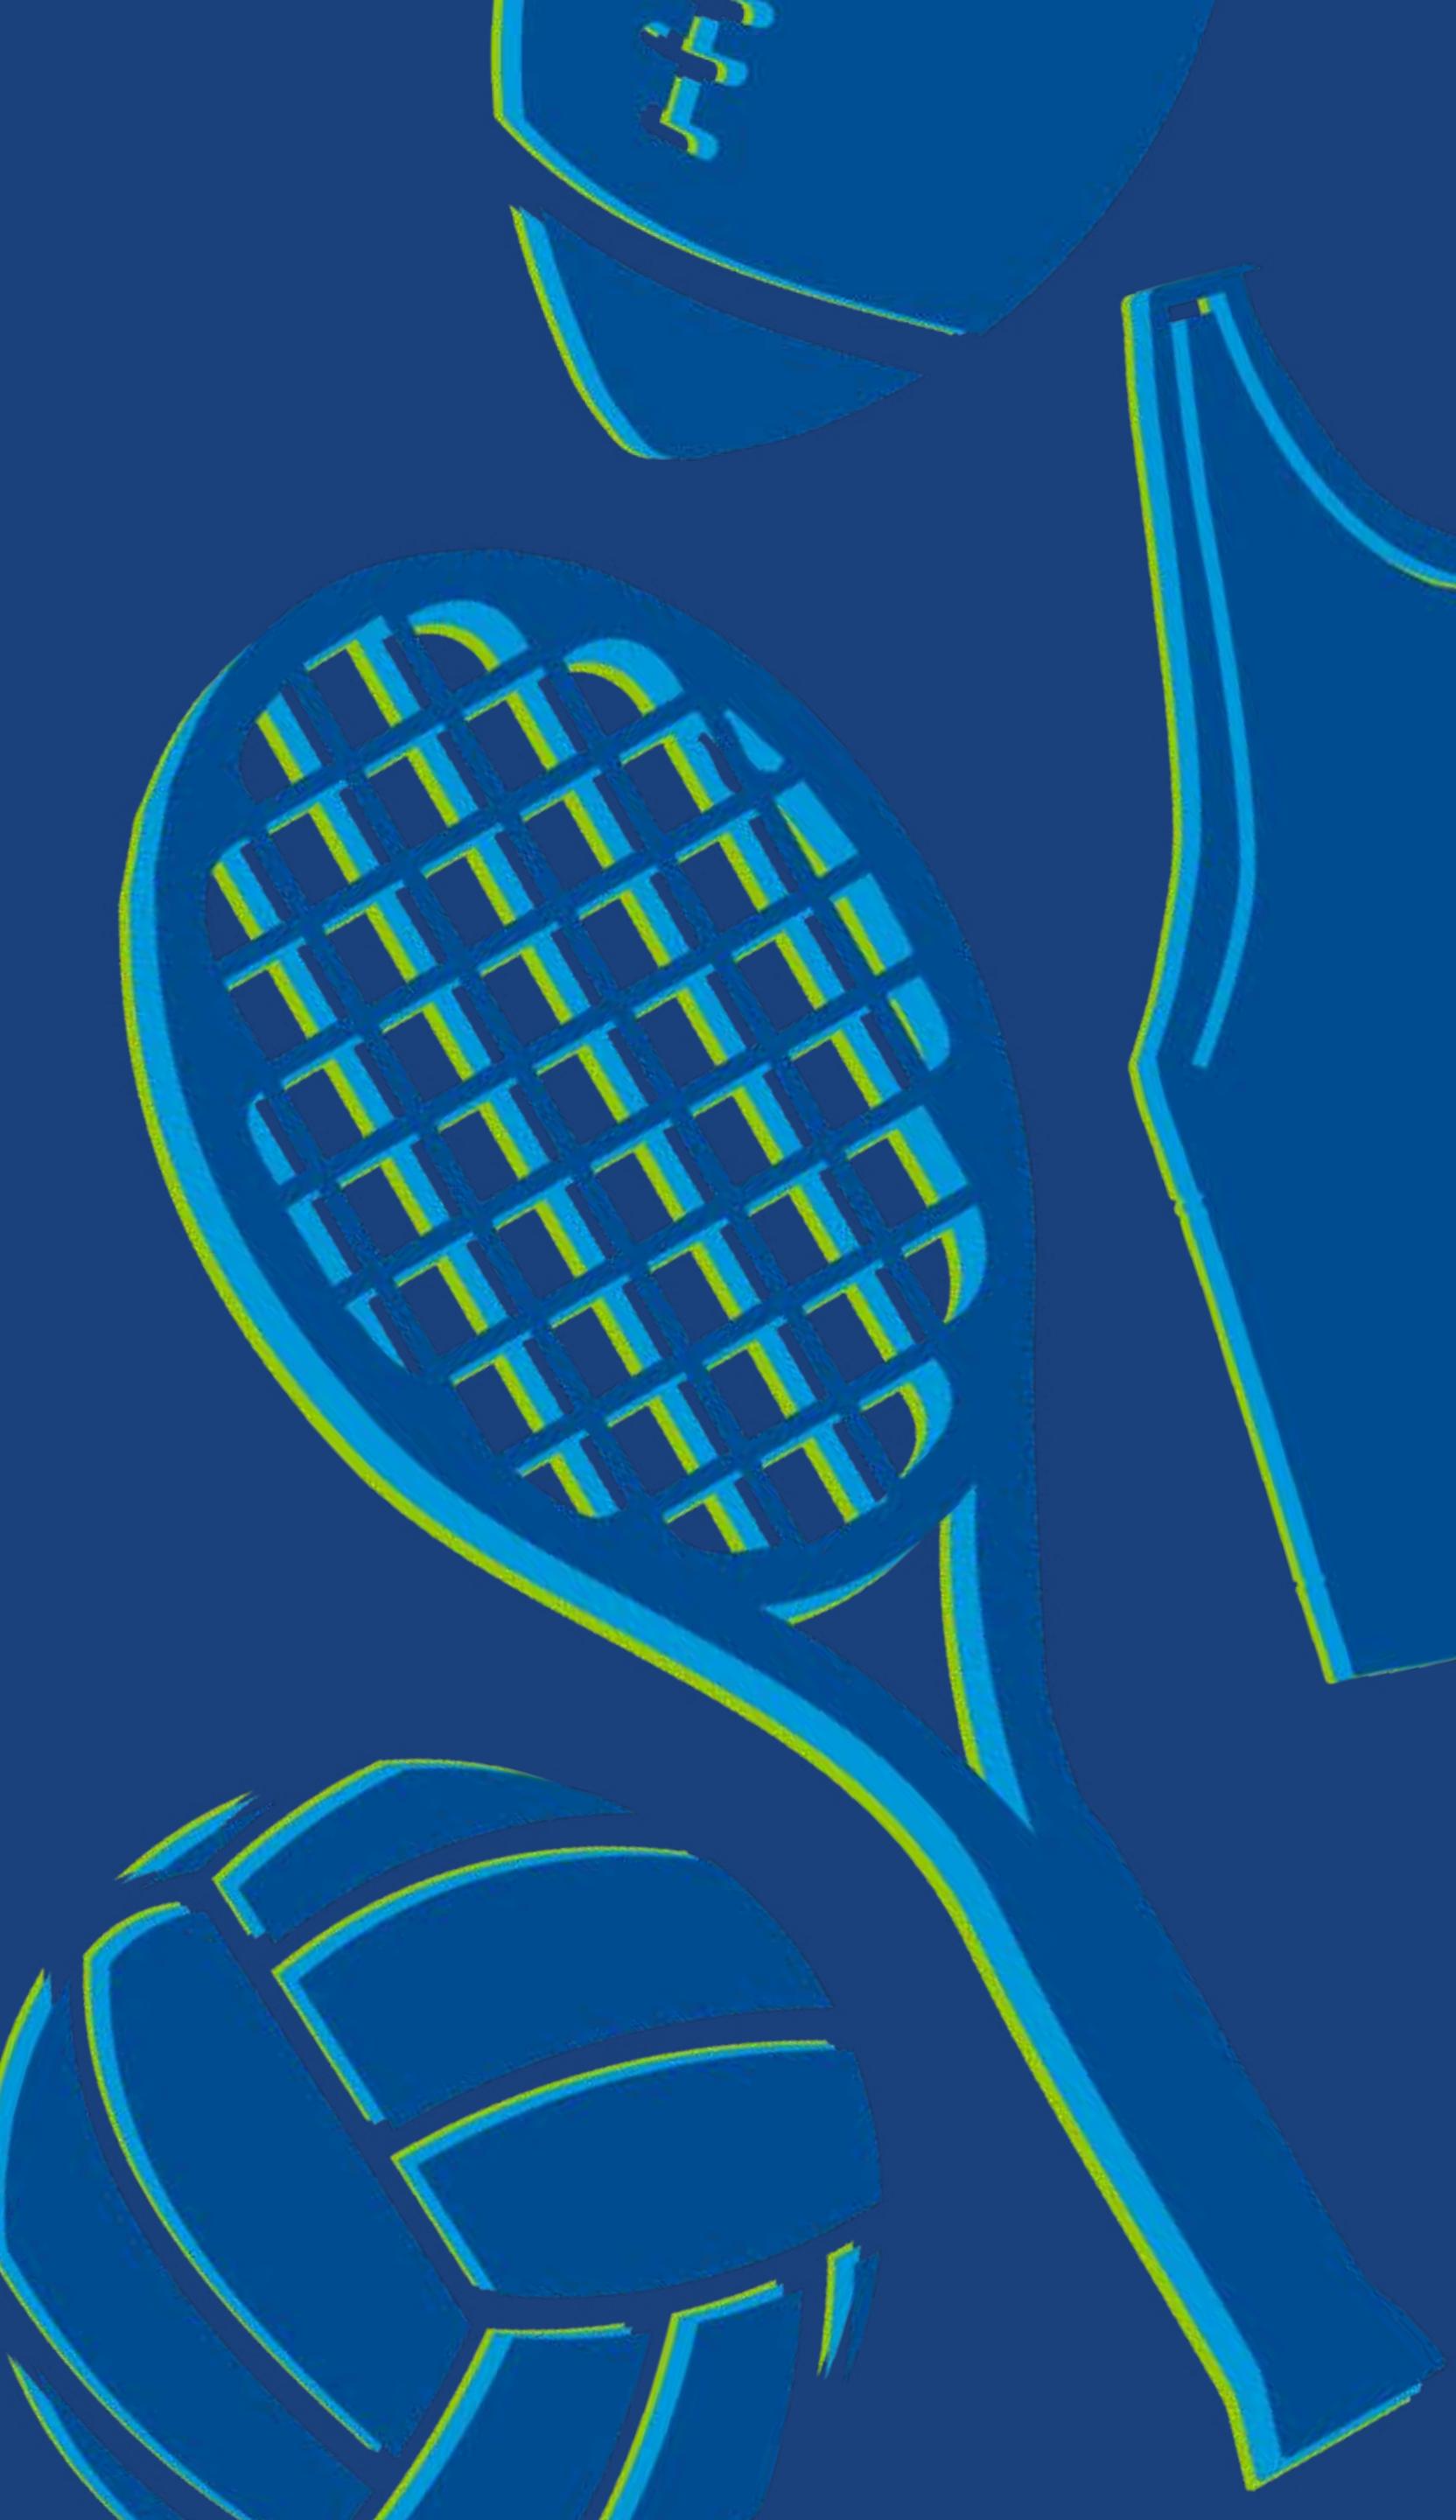

STAFF SHIRT

Volunteers at the event will be wearing RePlay branded tee shirts for clearer identification. The shirt design carries over the use of the green bars and the three-stripe graphic seen on select materials. The stripe graphic will be placed on the individual's right sleeve.

THE BIG PICTURE

BIG TEN EXPANSION

In the coming years, RePlay hopes to expand their program to the other Big Ten Universities. Adapting the same functions of the program, RePlay branding will largely remain the same.

The exception would be the changes of color between schools. The palette would instead follow the specific University's color scheme, likely explained in the school's brand guidelines.

Colors are approximations and are able to changed by the guidance of that specific university, along with the chosen accent color.
